CENTRAL OFFICE & INFORMATION TECHNOLOGIES SEMINAR

ARRIVE: MONDAY, NOVEMBER 18
SESSIONS: TUES/WED, NOVEMBER 19&20

Education

The CO-IT Committee has been working hard to secure industry experts and session leaders to bring you current information on industry technology, trends and solutions. Topics being considered are: **Cloud Switching, Artificial Intelligence, Insurance and Regulation in relation to Cyber Security and Federal Funding Programs, v6, Smart Departments, and Safety/Emergency Planning.**

Networking

Join other industry colleagues for two days of informative sessions and roundtable chats with additional opportunities to network about challenges you are facing or just to share what is working for your company!

Exhibition

Take plenty of time to browse through the exhibit area, watch demos or look for new solutions to the challenges you are currently facing. A number of OTAs Associate Members will be onsite and ready to chat with you about how they can help!
